MAJESTIC DEMONSTRATION AT HAYNES STORE

This morning a demonstration of the Majestic range began at the hardware store of R. E. Haynes and will continue over Saturday, so that everybody may have a chance to see how well it works.

It is in charge of Irvin Ellis, assisted by Miss Hatter. The Majestic range is recognized the world over as a high class, standard make, and its splendid points are brought out in the excellent biscuit which are served with coffee to the visitors. An \$8 set of stove vessels go with every range sold this week.

Sheriff L. E. Mitchell left this afternoon for Mineral Wells, and points in western Texas near San Angelo, where he will remain several weeks for the benefit of his health, which has not been very good for sometime past.

TENN. LEGISLATURE IN SPECIAL SESSION

Nashville, Tenn., Oct. 13.—Prohibition la enforcement, the theme to come before the extraordinary session of the General Assembly, convened today at the call of Gov. Hooper, was put on the legislative ways by regular and independent Democratic members at a meeting designated as a love feast. The brief session of the Legislature was peaceful. Routine business was transacted harmoniously and without the presence of gunmen, who threw a preceding session of the house into a turmoil a few days ago, when the same subject was under consideration. Apparently the only feature friends of the proposed measures are seriously concerned about is whether their colleagues, the foes of anti-liquor laws, will conduct a filibuster.

The meeting today of regulars and independents was the first move in what promises to be a strenuous period for the lawmakers. It was held in the Supreme Court room and was attended by a large number. A chairman was appointed and after a brief discussion a committee of ten was appointed to draft a bill. The measure, it was the sense of the meeting should provide means for the enforcement of the prohibition law already upon the statute books. The anti-jug bills, reported at a previous session, were endorsed and slated to be presented at this meeting of the General Assembly. Another measure providing for the removal of derelict officials was sanctioned and an effort will be made to pass it.

The propositions before the extra session include laws to prohibit or regulate shipments of liquor into the state and also intrastate shipments, to provide for the removal by Courts of city and county officers failing to enforce the law, and to provide for the abatement of the saloons, gambling and disorderly houses as nuisances on the motion of citizens. Friends of the bills claim seventeen votes in the senate, a majority, and in the house on preliminary moves fifty, also a majority, with many more on a final vote. Plans of the opposition have been kept secret.

Government Sale of Timber Lands.

There will be offered at public auction at the places and times herein named at not less than appraised valuations about 1,279,000 acres of timber lands with standing timber thereon, which includes about 1,043,857,500 feet of pine, as estimated in 1911, and approximately 141,309,000 feet of hard wood, located in the Choctaw Nation, southeastern Oklahoma. Sales will be held at Idabel January 5th, Hugo January 8th, Poteau January 12th, Wilburton January 15th and McAlester January 17, 1914. Bids may be submitted either in person or by agent with power of attorney. Land and timber will be sold together. Land classed as agricultural land will be offered in tracts not exceeding 160 acres, other lands in tracts not exceeding 640 acres, and not more than 160 acres of agricultural land nor more than one-fifth of the total of non-agricultural lands will be sold to any one person. Terms 25 per cent cash, balance in three annual installments of 25 per cent each with interest, but payments may be completed any time. Immediate possession given after approval of sale. Residence on land not required. Removal of portions of timber permitted as paid for. The improvements on land consisting of a few scattered houses will be appraised and sold with land and the owners thereof reimbursed where they are not successful bidders. The right to waive technical defects in advertisements and bids and to reject any and all bids is reserved. Detailed information, including descriptive lists, showing quantity and appraisement of timber and land in each tract will be furnished without cost after October 1, 1913; maps, showing location and accessibility to railroads of each tract, will be furnished at a cost of fifty cents each. Application for both descriptive lists and maps should be made to the Commissioner to the Five Civilized Tribes, Muskogee, Oklahoma.—Cato Sells, Commissioner of Indian Affairs. 141-24 t.—Tues.&Sat.

HUERTA IS WARNED

WASHINGTON GOVERNMENT INTERESTED IN FATE OF CONGRESSMEN.

Washington, Oct. 13.—It has been left entirely to Mr. Lind's discretion whether he should return to the City of Mexico to impress the United States' views on the Mexican authorities, but Charge O'Shaughnessy has been directed to address himself to the Minister of Foreign Relations and make it plain that the United States attaches "the gravest importance" to the arrest of the Deputies and is keenly interested in their fate.

Promises by Huerta.

City of Mexico, Oct. 13.—President Huerta has assured the American Charge d'Affaires, Nelson O'Shaughnessy, that no violence will be done to the imprisoned Deputies. The American Charge met the president by chance and in the course of the conversation warned him of the baneful effect which would be produced throughout the civilized world should harm come to the Deputies.

While promising that no harm would befall the Deputies and asserting that there never had been any intention to inflict physical injury, Gen. Huerta stated that most of the Deputies would have to stand trial for offenses against the government. He gave no intimation that any of them would be released in the near future.

Land Brings Good Prices.

Oklahoma City, Oct. 12.—A final report received today by the commissioners of the land officers on the school land sale in Cimarron county shows that out of 367,866.56 acres offered for sale, 384,251 acres, appraised at \$724,970, sold for \$1,659,375, or an increase of \$934,405 over the appraised value. The appraised value was approximately \$1.90 and the average price paid was \$4.30 per acre.

This was all unimproved grazing land and was sold in one and two section tracts. Fully 80 per cent of the purchasers were non-residents of the state. All of this land, hitherto untaxed, is now added to the tax rolls of Cimarron county.

John R. Williams, secretary to the school land commission, and the sales force moved today to Guymon, where they will open the sale of new college land in Texas county on October 13, continuing until October 29.

"The Divorce Question" at Opera House Wednesday

The National Play Co. will produce at the City Hall Opera House tomorrow evening William McGuire's stirring play "The Divorce Question" which ran 125 performances at McVickers Theatre in Chicago and received the unanimous support alike of press, public and clergy.

The theme of the play is an argument against divorce, the main idea being that the next generation must be considered in laws enacted by the present generation, taking the stand that the purpose of marriage is the promulgation of humanity by the production of children and the definite and unrefuted idea contained is that every child has a right to its parents.

The story of the play shows that pathetic phase of life wherein marriage has been adopted as the legitimate means of adultery and wherein two children are sacrificed to the selfishness of the new moral code.

The degradation to which the homeless children fall—the horrible agony of the homeless, parentless girl who becomes the victim of white slavery and who cannot be received later into the homes of her parents because of their subsequent marriage and children. The condition is only equalled by the wild grief of the boy who has become addicted to morphine in order to drown cognizance of a terrible existence.

The depths to which these poor children have fallen seems more terrible when the priest produces statistics to show that they are but two of a million and a half of such cases brought about by divorce.

The remorse of the parents upon seeing the result of their actions also becomes pitiful, but their selfish ideas of life prevent them from undoing what they have done, until when almost too late they see the enormity of their offense, and through the efforts of the priest strive to save the remnants of their flesh and blood.

Rev. Brooks was with us in chapel Monday morning and gave an interesting talk. Rev. James was also a visitor.

The rain did not keep the boys from playing football with Wetumka Friday, although they did not get to play but half of the game the score stood 6 to 0 in our favor at the end of that time.

The High school students are practicing on a play which they will put on in about four weeks. The name of the play is "Blundering Billy" and is the best we have put on yet.

Mr. Palmer expects to have the strongest basketball team that has ever been at the High school.

Look Out For Poison Ivy

Keep Your Blood Pure and Danger will be Avoided.

All Blood Disorders are Knocked Out by S. S. S.

Strolling through the woods or clearing brush, picnickers, hunters, fishermen—look out for poison ivy. And in the meantime keep your blood pure by using S. S. S. If your skin is rough with eczema, pimples or any other eruption, S. S. S. stimulates the fine network of blood vessels in the skin to dry up and heal all sore spots.

S. S. S. will do this positively. It stimulates the principle of osmosis, stimulates the cells of the skin to select their own nutriment from the blood, made pure and healing by the wonderful medicinal ingredients of this famous blood purifier. It is a safe remedy, as it contains no minerals, and yet its action is a marvel.

You can get S. S. S. in any drug store, but insist upon having it. The Swift Laboratory in Atlanta, Ga., prepares this famous blood purifier, and you should take no chance by permitting anyone to recommend a substitute. And if your blood condition is such that you would like to consult a specialist freely, address the Medical Dept., The Swift Specific Company, 186 Swift Bldg., Atlanta, Ga.

NORMAL NOTES

By Hu Blik.

The second big football game of the season will be pulled off next Saturday at 3:30. Tahlequah will be the victim this time. The newspapers have not said much about Northeastern and so we do not know exactly what to expect, but we think we are ready to meet any emergency that may arise. The team has improved wonderfully since the game with Shawnee. Several shifts have been made in the line-up. C. McMillan going to quarter and Wallace to full and also tackle. Matthews worked out regularly with the team yesterday for the first time since he hurt his ankle, and will probably work in the game Saturday.

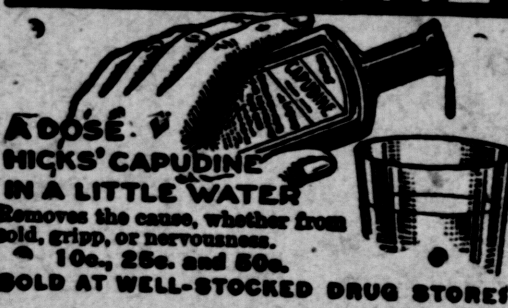

The "Recreation Club," was delightfully entertained last night in the reception room of the normal by Miss Francisco. The room was beautifully decorated in autumn leaves. After a delightful round of forty-two the guests were served with an ice course.

The Seniors entertained last Saturday night.

Several new students enrolled today. You can't keep 'em away from East Central.

I have never been so much impressed with the personality of an actress on the screen as I was with that of Mrs. Fiske in this remarkable film. Her magnificent acting impressed me hours afterwards, and believe me, I am not a very impressionable man. I affected me for the whole evening as it probably affected a great many others.

er people who saw the picture. Indeed, when I left the theater I and others were conscious that we had assisted at a most remarkable presentation. Certainly when Mr. Frohman and Mr. Fiske presented Mrs. Fiske in this film, they made a notable addition to film history.—Dramatic Mirror.

The Melting of Molly

By MARIA THOMPSON DAVIESS

A charming romance of American life that tells of the adventures of a beautiful young southern widow. Whom does Molly finally decide to marry? She will keep you completely mystified about that.

HOW MOLLY MELTED WILL BE TOLD IN THIS PAPER

He Chose an Odd Job.
Muskogee, Ok., July 10.—When Capt. W. A. Green of Muskogee wrote to Congressman Bill Murray for his indorsement for appointment as United States attorney to the Court of China, Bill wrote back that he had never heard of such a job, but he would look it up and if such a place existed, Green should have it if Murray could land it for him. Green is an applicant for one of the farthest away posts to be filled by an American. He was perhaps one among few in Oklahoma who knew of such a place, and has succeeded in getting the solid indorsement of the Oklahoma delegation. In China there are

seven treaty ports and thousands of Americans reside in that country. In 1901 congress created the Court of China, with a District Judge, attorney clerk and other officials, with the same powers as a United States court in this country, but which has jurisdiction only over American offenders. Its headquarters is in Hang Chow in the interior of China and it has jurisdiction in seven ports. From the farthest port north to the farthest south is 1,500 miles, and the court officials must travel from one port to another.

By reason of his service as a soldier in the Philippines, Capt. Green knew of this job and went after it.

Green is a retired army officer, having served in a famous Kansas regiment during the Spanish-American war.

TEN THOUSAND ELKS MARCH AT ROCHESTER

Rochester, N. Y., July 10.—Ten thousand Elks, it is estimated, participated in a parade today in connection with the forty-ninth reunion of the grand lodge. They came from every city of size in this country, from Juneau, Alaska, and from Honolulu. Even Manila had a representative who rode in an automobile. The parade was led by Grand Esquire W. S. McCormick. The mother lodge from New York carried a banner inscribed "Organized Feb. 16, 1886."

Fort Wayne made a burlesque of its part in the procession. A banner reading "Hold your girls, Fort Wayne is coming" was displayed in the front rank and following marched Roman centurions, Greek slaves, Sultans and Pashas. The parade and a water carnival, that attracted about 150,000 persons to Genesee Valley Park tonight, were features of the fourth day of the convention.

Business sessions were held in the morning, afternoon and tonight. The uniformed patrols of many lodges this afternoon completed for prizes in a drill at the park.

QUESTIONS FOR VOTE

NUMEROUS MEASURES SUBMITTED FOR SPECIAL ELECTION AUGUST 5.

Oklahoma City, July 11.—Voters in Oklahoma will have no less than seven questions, and possibly six or seven more, to vote upon at the special election to be held on August 5. There are six referendum questions to be submitted to the people, and should the governor give his approval to a resolution passed by the legislature, another referendum question will be placed on the ballot, thus making seven to be voted upon. In addition to these which are certain to be submitted, there are eight petitions presumably in circulation for signatures to have the questions submitted to the people, but no attempt will be made, it is said, to have two of the proposed initiative measures presented at the August 5 election.

Perhaps the most important referendum measure to be voted upon is the proposed amendment to Article 9, Section 9 of the constitution, which was referred to the people by act of the legislature in passage of Senate Joint Resolution No. 3. The question involved in this measure is whether the constitution shall be amended as to allow any foreign or domestic railroad to lease, buy or sell, or dispose of any property or acquire any property, and franchises in the state of Oklahoma, providing that the consent of the corporation commission is obtained.

Another important referendum measure is that which refers Section 18 of the new mining bill to the people. The miners objected to the one section, to the bill, which has to do with the method of mining coal, and a petition was circulated throughout the state by Pete Hanraty and others with the result that nearly 20,000 signatures were obtained, asking that the section be voted upon.

Other referendum questions to be voted upon are:

Proposed amendment to the constitution giving all counties the right of option on questions of abolishing township government.

The question of whether a new board of agriculture shall be created in lieu of the present board. The measure provides that a new board shall be created to be composed of five members, the members to be practical farmers. The new board would also act as a board of regents for all agricultural schools in the state. Senator Barrett and others were authors of the resolution authorizing the submission of the question.

A measure to provide that all taxes levied for maintenance of the common schools of the state upon property of public service corporations which operate in more than one county in the state, to be paid into the common school fund of the state and distributed per capita.

A proposed amendment to the constitution, to give the legislature power to levy taxes in aid of the common schools of the state, to provide for apportionment and distribution thereof among school districts in which a ten mill ad valorem levy and money derived from all other sources is insufficient to maintain common schools for five months in a year, giving to such districts out of said fund hereby authorized such additional sum as is necessary to maintain schools there in for five months in each year.

Proposed amendment, providing fixed rules for leasing and collection of royalty from minerals affecting both oil and sand and gravel leases from navigable streams, submission of this question was authorized by the legislature in passing Senate Joint Resolution No. 18, but has not been approved by Governor Cruce. The governor has about ten days yet in which to take action on the measure, but it is believe he will give his approval.

Several initiated measures are supposed to be in circulation for signatures, including one by Representative Glasco, known commonly as his usuary bill; one by Woodard, providing for abolishment of certain educational schools; one by the Socialist party, providing for creation of a new election board; one by Senator McAlister, for extension of the 1908 text book adoptions until 1915; one by Berrigan of Norman, providing for establishment of agricultural banks, and three by Campbell Russell, one providing for the elimination of the silent vote, one providing for a two per cent tax on gross production of oil and gas in the state, and another prescribing an additional oath for office holders in Oklahoma.

Teachers End Sessions.
Salt Lake City, Utah, July 11.—Satisfied with the profit gained, and

more than satisfied with the hospitality shown them, the delegates to the annual convention of the National Education Association held their concluding sessions today. Some of the teachers plan for another week or two of sight seeing in California and elsewhere, but the majority of the several thousand strangers who have been the guests of this city for a week will turn their faces homeward tomorrow.

To War on Shyster Lawyers.

Mobile, Ala., July 11.—Shyster lawyers and others of the legal profession who resort to sharp practices are going to be run out of Alabama. If the combined effort of the members of the Alabama State Bar Association can accomplish that end. The subject was exhaustively discussed at the opening today of the thirty-sixth annual meeting of the association. Following an address by Frank S. White of Birmingham, president of the association, other members pointed out the dangers that come to the people, and to the reputable members of the profession through the operations of unscrupulous lawyers. Publicity is to be the chief weapon with which the association will fight what is described as an increasing menace.

MRS. FISKE
In Thomas Hardy's Sublime Story—

TESS OF THE D'URBERVILLES

THE SOULFUL PORTRAYAL OF A WOMAN'S SORROWS
5 PARTS 5

PRESS COMMENTS

"How does she do it?" was the gasp when Mrs. Fiske appeared on the screen as Tess as eighteen. For she did not appear more than a day more than eighteen. But when in later years Tess was racked by sorrows, Mrs. Fiske gave an interpretation that lived up to her reputation as a finished actress.—N. Y. Sun.

Mrs. Fisk's glory enobles the traditions of the American stage. "Tess of the D'Urbervilles" will thrill as long as human emotions control us. Together, they signify another decisive victory for the motion picture.

The pitiful, pathetic role of Tess, the tender chronicle of a woman's sorrows should make a thrilling appeal to the heart of humanity.—N. Y. Clipper.

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged.

This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription.

We have sold other remedies for skin troubles but none that we can recommend as highly as this for we know that D.D.D. stops the itch at once. We just want you to give D.D.D. a trial. That will be enough to prove it.

Of course all other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute.

But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee:—If you do not find that it takes away the itch AT ONCE, it costs you not a cent.

IN ONE MINUTE! CLOGGED NOSTRILS OPEN--COLDS AND CATARRH VANISH

Stops Nasty Discharge, Clears Stuffed Head, Heals Inflamed Air Passages and You Breathe Freely.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. The sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear. (Adv.)

A Lover Judged by the Chocolates He Gives

"A man," said the candy philosopher, "is judged by his company—a lover by his chocolates." Why not? The kind of chocolates a lover buys indicates his generosity "and his taste." Do you think girls do not recognize this.

Which Shall It Be?

Do you intend to continue laboring, burning valuable fuel and destroying high-priced food with that old worn-out cook stove?

You KNOW that old stove eats up a lot of fuel each year.

You KNOW you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in a while—you know it costs considerable for yearly repairs.

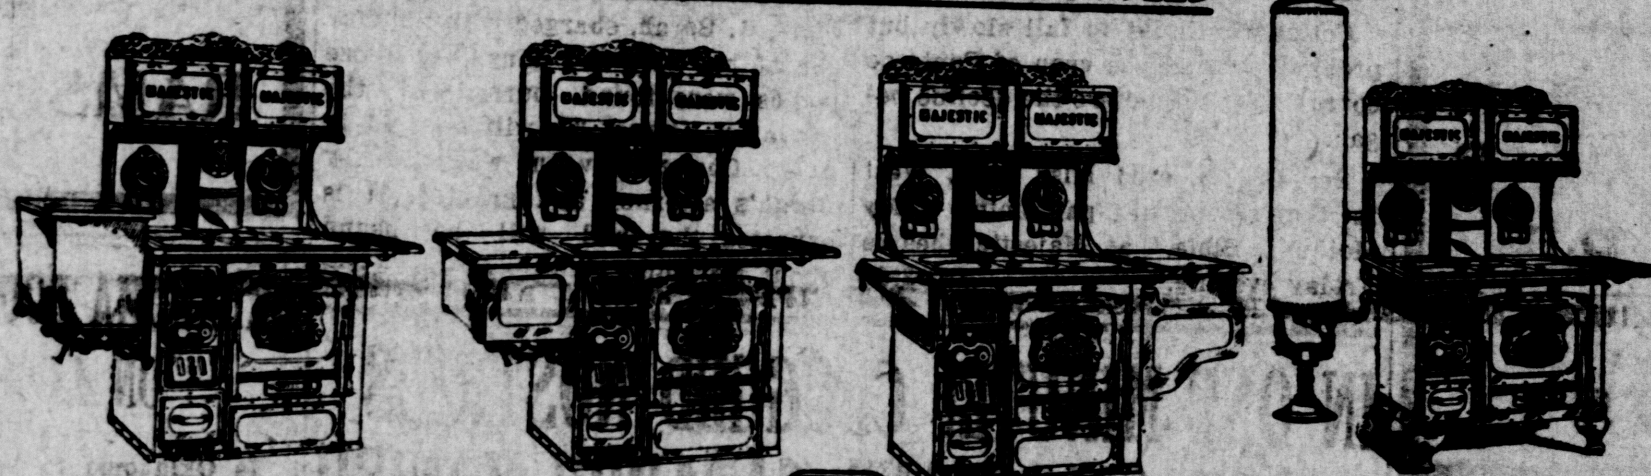

Stop and think and figure. Wouldn't it pay you to buy a good range—a range with a reputation—

The Great Majestic Malleable and Charcoal Iron Range

You make no mistake in buying the GREAT MAJESTIC—it's the range with THE REPUTATION—ask your neighbors. Then, too, it's made just right and of the right kind of material—MALLEABLE AND CHARCOAL IRON—riveted together practically air tight—lined with pure asbestos board—parts being malleable can't break—has a movable reservoir and an oven that don't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (breads bread just right all over without turning), heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime "unsight unseen;" you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the MAJESTIC is 300 per cent stronger than other ranges where most ranges are weakest.

MAJESTIC RANGES ARE MADE IN ALL SIZES AND STYLES

150 MAJESTIC BIRDS FREE

Monday, between 3 and 5 p. m.

The first 150 boys and girls who present to THE MAJESTIC RANGE SALESMAN at our store, between 3 and 5 p. m. MONDAY, written answers to the following questions, will receive a "Canary Bird Souvenir" FREE.

- 1.—What range is your mother now using
- 2.—Do you know anyone needing a new range? Who?
- 3.—Why is the GREAT MAJESTIC the most durable range made?

50-cent Article FREE

The one giving neatest and best answer to the last question may select any 50-cent article from our stock, in addition to the SOUVENIR.

Don't be discouraged if you are not one of the 150 to get a Canary Bird Souvenir. You will get a MAJESTIC PUZZLE CARD. Something for all the boys and girls.

You can have worlds of fun with the MAJESTIC BIRD—it imitates the canary to perfection.

Be sure to have your answers ready to hand in at our store MONDAY AFTERNOON, between 3 and 5.

SAVE \$8.00

As a special inducement during our demonstration week only, with every MAJESTIC RANGE sold (prices always the same) we will give free one handsome set of ware as illustrated here. Every piece of this ware is the best of its kind. Not a piece that is not needed in every kitchen. It cannot possibly be bought for less than \$8.00. This ware is on exhibition at our store. DON'T FAIL TO SEE IT.

SPECIAL

All during this week a special demonstrator direct from the Majestic Factory will be glad to show you "All About Ranges," show you why the MAJESTIC is the best range on earth at any price. **Come, If You Intend to Buy or Not—Education lies in KNOWING THINGS—**know how the oven of a range is heated—know how the water is heated—how the top is heated—why the Majestic uses so little fuel—know how a range is made inside and outside. This education may serve you in the future. Don't overlook a chance to KNOW THINGS shown by one who knows. **COME!**
